

Physician-Led Healthcare for America
Presents
PHA's 2022 Executive Summit

May 9-11, 2022 | Napa, California
www.physicianled.us

Global Learning Objectives

1. Compare and contrast the different physician-owned hospitals in relation to the clinical services that are offered.
2. Identify which surgical cases have recently been highlighted by Medicare and commercial payers as appropriate for the outpatient setting.
3. Identify cases of inappropriate care and pricing failures as they relate to the nation's healthcare delivery system.
4. Determine what tools can be used to address cases of inappropriate care as they relate to the nation's healthcare delivery system.

CME Evaluation & Credit

Visit PHA's Executive Summit attendee web page to complete the evaluation and receive your CME credit.

R

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Texas Medical Association (TMA) through the joint providership of Texas Orthopaedic Association and Physician-Led Healthcare for America. The Texas Orthopaedic Association is accredited by TMA to provide continuing medical education for physicians.

CREDIT

The Texas Orthopaedic Association designates this live activity for a maximum of 7.5 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Ethics CME Credit

The presentations, "Regulatory Update" and "Leg & Reg 201: The Highs & Woes", have been designated by Texas Orthopaedic Association for 1.5 credit(s) of education in medical ethics and/or professional responsibility.

You must complete the post-assessment evaluation in order to receive CME credit for this course.

Mitigation Statement

All relevant financial relationships were mitigated by the program committee prior to the activity

The intent of this disclosure is to allow TOA the opportunity to mitigate any relevant financial relationships to assure balance, independence, objectivity and scientific rigor in all of its CME activities. All faculty and planners of TOA-sponsored activities are expected to disclose to TOA all financial relationships with any ineligible company. An indication of the participant's disclosure appears after his or her name as does the commercial company or institution that provided the support. TOA does not view the existence of these disclosed interests or commitments as necessarily implying bias or decreasing the value of the author's participation at the meeting.

Financial Disclosures

An indication of the participant's disclosure appears after his or her name as does the ineligible company or institution that provided the support. TOA does not view the existence of these disclosed interests or commitments as necessarily implying bias or decreasing the value of the author's participation at the meeting.

Ineligible company: any entity whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

Examples of financial relationships:

- Employee
- researcher
- consultant
- advisor
- speaker
- independent contractor (including contracted research)
- royalties or patent beneficiary
- executive role
- ownership interest

Individual stocks and stock options should be disclosed; diversified mutual funds do not need to be disclosed. Research funding from ineligible companies should be disclosed by the principal or named investigator even if that individual's institution receives the research grant and manages the funds.

Financial relationships would include those within the past 24 months with ineligible companies of the person involved in the activity.
